New building - temperature regulation

The Governing Body recognises that during this warmer weather the temperature of the new building has risen, causing some discomfort to children and staff. WSCC provided fans for use in the school last year and staff will continue to use these to help regulate the temperatures, where possible children spending learning time in the outside shaded space. The children are continually being encouraged to drink plenty of water. We continue to discuss the temperature regulation of the classrooms with WSCC and any concerned parents and carers are invited to contact Paul Wagstaff, Director of Education and Skills directly; Mr Wagstaff can be contacted at

Paul.Wagstaff@westsussex.gov.uk

Thank you for your understanding and support.
