Data Protection Policy

Introduction

On the 25th May 2018 the General Data Protection Regulation (GDPR) came into force and the Data Protection Act (DPA) was updated by a new Act giving effect to its provisions.

This Policy sets out the manner in which personal data of staff, pupils and other individuals is processed fairly and lawfully.

The School collects and uses personal information about staff, students, parents or carers and other individuals who come into contact with the School. This information is gathered in order to enable it to provide education and other associated functions. In addition, there may be a legal requirement to collect and use information to ensure that the School complies with its statutory obligations.

The School is a data controller and must therefore comply with the Data Protection Principles in the processing of personal data, including the way in which the data is obtained, stored, used, disclosed and destroyed. The School must be able to demonstrate compliance. Failure to comply with the Principles exposes the School and staff to civil and criminal claims and possible financial penalties.

Details of the School's purpose for holding and processing data can be viewed on the data protection register: <https://ico.org.uk/esdwebpages/search>

The Schools registration number is Z7496604. This registration is renewed annually and up dated as and when necessary.

6. Processed in a way that ensures appropriate security of the personal data including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

The School will be able to demonstrate compliance with these principles.

RECORDS MANAGEMENT POLICY

The School recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the institution. Records provide evidence for protecting the legal rights and interests of the school, and provide evidence for demonstrating performance and accountability. This document provides the policy framework through which this effective management can be achieved and audited. It covers:

- Scope
- Responsibilities
- Relationships with existing policies

1. Scope of the policy

- 1.1 This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions.
- 1.2 Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created or received, and then stored, in hard copy or electronically.
- 1.3 A small percentage of the school's records may be selected for permanent preservation as part of the institution's archives and for historical research. This should be done in liaison with the local county archives centre.
