

Spring Two in Reception

Gentle Reminders:

Reception will have PE every Wednesday this term. Please can children come into school wearing their PE kits on Wednesdays.
Please read with your child and sign their reading diary every day. Please bring these to school each day. If you have any further questions, please contact your class teacher.

English

We will start our topic in English by reading the story the Supertato. This will allow the children to be introduced to our topic People Who Help Us. The children will be hooked into the story through trapped vegetables. We will even write wanted posters to try and catch the Evil Pea.

We will then move on to reading Super worm. The children will learn some new vocab, sequence and retell the story and even write descriptions, we will read the story Eliot the midnight superhero. The children will sequence and retell the story, as well change some parts of the story.

We are reading...

Phonics

In phonics we will continue to revisit all of the phase 2 and 3 sounds to consolidate these.

We will be exploring reading some longer words using chunking to help us segment and blend these. We will revisit the tricky words that we already know as well as practising some new ones.

We are learning to blend sounds to read words and segmenting to help us to spell, using this in our own writing. Blending games such as can you pass me the c-u-p can support children to build these skills at home.

Maths

As mathematicians this half term we will start by continuing our focus on numbers this time introducing 9 and 10. This will enable us to recognise and show these in different representations. We will be looking at numbers bonds to 10 and be able to find 1 more/ 1 less, and represent numbers to 10 in different ways.

This half term we will also be revisiting shape and pattern. We will revisit our learning on 2D shapes and be introduced to some 3D shapes. We will think about their properties and explore them in our environment.

PSHE

In PSHE we are learning to think about being healthy. We will talk about how we can stay healthy through diet and keeping our bodies active. We will know which foods are healthy and not so healthy and how we can make healthy eating choices. We will also think about how it is important that we look after our brains and that rest and sleep is good for our bodies too. Finally we will revisit why it is important to wash our hands especially before I eat and after I go to the toilet.

UtW

This half term we will be learning all about people who help us. We will explore different job roles in our community and what they do to help others for example doctors, fire and police people. We will even be having some visits from some real people who work in these jobs to find out a little bit more about what they do.

We will talk about superheroes and special people in our lives who help us everyday. We will continue to explore different celebrations throughout this half term for example Easter:
